About [NISHE](#) Project

The National Initiative for Skill Integrated Higher Education (NISHE) addresses India's graduate unemployability crisis, costing \$150 billion annually. Despite government investments of Rs. 1 lakh crore per year in higher education, the system produces 5 million unemployed graduates yearly due to a lack of industry-relevant skills. Inspired by successful pilots in Telangana and Uttar Pradesh, NISHE integrates skill training and apprenticeships into general education, aligning it with industry needs. Over three years, it aims to impact 1,00,000 students across ten states and 11 sectors, creating job-ready graduates and leveraging India's demographic dividend for economic growth. Currently, NISHE is being implemented in Andhra Pradesh, Karnataka, Maharashtra, Madhya Pradesh, Rajasthan, Telangana and Uttar Pradesh.
